

FOR CREEPY UNCLE REG

He's been divorced three times, is a borderline alcoholic, has no prospects, no friends, and no family apart from you. He's a surfer, that's about as far as the commonality goes. He once jumped up on the table at a Christmas dinner and did an impersonation of Rodney Rude for your sister's new Asian boyfriend, then tried to piss on the turkey before your grandfather got him with the cane.
